PRESIDENT RAY A. MILLER

*To the Faculty and Administration
of York College*

Each year we believe that the College graduates the finest group ever, and this is the case in 1970. The two years for the Sophomores have gone rapidly and they have been marked by many changes on the campus. We hear remarks that things never change at York, but we know differently when we meditate on the point.

At least three new facilities have appeared on the scene — the Soccer Field, Baseball Diamond and the addition to the Gymnasium. We are all proud of these, and the pool is very conducive to its purposes. Many new programs have been added during our stay such as a four year course in Business Administration. Even though there are no graduates in this curriculum in 1970, we are sure that it will appeal to a great number of students in the future.

We feel that the Faculty and Administration are dedicated to the growth in size and stature for York College each year. We want you to know that we are as proud of our College as you are.

The Student Senate was confronted with numerous decisions this year. However, the ideals of the Senate as a representative body of the students were not compromised. It has strived to enhance the academic and social life of the students here at York, and in doing so has further strengthened its power for the future.

Sports . . .

Team strategy.

Soccer . . .

The '69 season for the York soccer team was one of glorious victories. The combined efforts of Mr. Cummings' fine coaching and the inspiration of co-captains Jim May and Chuck Richards, along with the never-tiring hustle of the players made a united, hard-working team.

Jim May, from Dover, broke two scoring records and was named by the All-American selection committee as a member of the All-East team. He scored 26 goals in 10 games and had 7 goals in a single game against George Mason College. Since this team is in fine academic standing and all are returning, York fans can be assured of another fine season next year.

Girls' Field Hockey

Although this was York's first year in inter-collegiate girls' hockey we are very proud of the effort of the team. The inspiration and great coaching given by Mrs. Koons was a real uniting factor.

The future of the team looks good and fall of '71 is a whole new ball game.

Rumor has it we'll win.

The York College Cross Country team under the coaching of Mr. J. Jaquet achieved a hard fought winning season. Captain Fred Bianco and Terry Lieb were the only returning lettermen from the previous season. Despite this, the young team posted 8 wins and 7 losses, and placed third in team competition at the Region 19 of N.A.I.A. meet at Millersville. Freshman Gary Townsend was the leading runner for York crossing the finish line first 11 times in 14 meets, and establishing three new course records. The highlight of the season came when York claimed three victories in a quadrangular meet at Allentown, driving its record to 5-4, and on to a winning season.

The Flying Dutchmen began the year anticipating a very tough season, and that is just what they got. But with grim determination and hustle Jack Jaquet's squad posted a fine 13-11 record. Dropping Jr. colleges and adding bigger four year colleges and universities to the schedule made their going tougher than in previous years. Highlighting the year was the hard fought victory over the much taller Quantico Marine team. Good outside shooting and fast breaking paid off, as it did throughout the season, as York posted a pulsating 71-69 decision over the Marines. Coach Jaquet is looking forward to next season with the addition of some fine talent from the '69-'70 freshman team.

Wrestling Season

This past winter, York's Wrestling Team started a new era in intercollegiate competition. Under the direction of Coach David Steiler, the team experienced triumph, defeat, and more importantly a growing enthusiasm for true athletic competition.

There were many accomplishments this first year as a four year college, and the team had a very successful season, with a record of 9-3. Even now along with Coach Steiler, the team is looking forward to the return next season of the entire squad and another winning season.

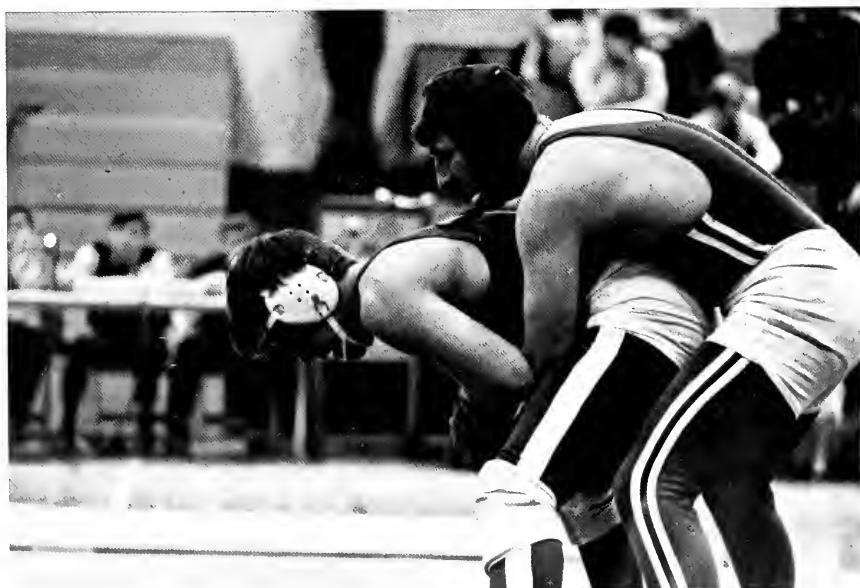

Many spectators, and, of course, all non-followers of wrestling fail to realize that the actual matches represent a very small fraction of the time involved in this sport.
